

IABMAS 2012

6th International Conference on Bridge Maintenance, Safety and Management

Final Announcement

Stresa, Lake Maggiore / Italy July 8 - 12 | **2012**

Conference Chairs:

Fabio Biondini Politecnico di Milano, Milan / Italy Dan M. Frangopol Lehigh University, Bethlehem, PA / USA

IABMAS 2012

The 6th International Conference on Bridge Maintenance, Safety and Management (IABMAS 2012) is organized on behalf of the International Association for Bridge Maintenance And Safety (IABMAS) under the auspices of Politecnico di Milano, Milan, Italy. The Conference will be held in Stresa, Lake Maggiore, Italy, on July 8-12, 2012 (http://www.iabmas2012.org).

IABMAS

The Association encompasses all aspects of bridge maintenance, safety, and management. The objective of the Association is to promote international cooperation in the fields of bridge maintenance, safety, and management for the purpose of enhancing the welfare of society (http://www.iabmas.org).

Aim of the Conference

The aim of IABMAS 2012 is to bring together all the very best work that has been done in the field of bridge maintenance, safety and management and related topics, to stimulate and promote research into this field, and to bridge the gap between theory and practice.

Delegates

The Conference will be of interest to researchers, representatives from all sections of bridge engineering, bridge engineers working with transportation departments, consultants, contractors and local authorities interested in all aspects of bridge maintenance, safety, and management.

Past IABMAS Conferences

IABMAS 2010, Philadelphia, PA, USA IABMAS'08, Seoul, Korea IABMAS'06, Porto, Portugal IABMAS'04, Kyoto, Japan IABMAS'02, Barcelona, Spain July 11-15, 2010 July 13-17, 2008 July 16-19, 2006 October 18-22, 2004 July 14-17, 2002

Papers, Special Sessions and Mini-Symposia

The interest of the international bridge engineering community in IABMAS 2012 has been confirmed by a significant response to the call for papers, with over 800 abstracts submitted from 50 countries, 10 Keynote Lectures, 13 Mini-Symposia and 35 Special Sessions organized as part of the Conference.

Publication

The Conference Proceedings will be published by Taylor & Francis and will be distributed at the Conference to the registered participants. Extended versions of selected papers presented at the Conference will be considered for publication in *Structure and Infrastructure Engineering*, an international peer-reviewed journal endorsed by IABMAS and included in the ISI Science Citation Index (http://www.tandf.co.uk/journals/nsie).

Registration

Participants are required to register through the online registration system available on the conference website. The extended deadline for early bird registration is March 30th, 2012.

Exhibition

Exhibit booths will be made available at IABMAS 2012. The Exhibition area will be located in the Foyer of the Congress Centre and will provide the Exhibitors with the best exposure to the Conference Delegates. The list of registered Exhibitors and information about Exhibition opportunities are provided on the Conference website.

Sponsorships

Sponsorship opportunities are offered at IABMAS 2012. Sponsorship packets with special benefits are available for three sponsorship levels (Platinum, Gold, Silver). Tailored forms of sponsorship opportunities and benefits are also possible to get the desired level of involvement and exposure. Detailed information about Sponsorship opportunities is provided on the Conference website.

CONFERENCE PROGRAM

T.Y. Lin & Keynote Lectures

T.Y. Lin Lecture

FRIEDER SEIBLE, University of California, San Diego, La Jolla, CA, USA Precast Cantilever Bridge Construction in Seismic Zones: The San Francisco - Oakland Bay Bridge

Keynote Lectures

TULIO N. BITTENCOURT, University of São Paulo, São Paulo, Brazil Renewal and Rehabilitation of the Brazilian Railway Bridge Infrastructure

JAMES BROWNJOHN, University of Sheffield, Sheffield, UK Operational Deformations in Long Span Bridges

GIORGIO DIANA, *Politecnico di Milano*, *Milan*, *Italy* Wind Tunnel: A Fundamental Tool for Long Span Bridges Design

BRUNO GODART, Universit Paris-Est, IFSTTAR, Paris, France Pathology, Appraisal, Repair and Management of Old Prestressed Beam and Slab Bridges

CLAUDIO MODENA, University of Padua, Padua, Italy Assessment and Retrofitting of Existing Bridges

RICHARD SAUSE, ATLSS Center, Lehigh University, Bethlehem, PA, USA Innovative Steel Bridge Girders with Tubular Flanges

MASANOBU SHINOZUKA, University of California, Irvine, CA, USA Remote Monitoring; Concept and Pilot Study

MAN-CHUNG TANG, T.Y. Lin International, San Francisco, CA, USA The Art of Arches

KAY-YUEN WONG, The Government of the Hong Kong Administrative Region, Hong Kong, P.R.C. System Design and Implementation of Structural Health Monitoring System and Maintenance Management System for Marine Viaduct Bridges

Mini-Symposia *

- MS 1 Field Tests for Bridge Assessment Ayaho Miyamoto, Ilkka Hakola
- MS 2 SmartEN ITN Smart Management for Sustainable Built Environment Including Bridges and Structural Systems Toula Onoufriou, Rosemarie Helmerich
- MS 3 Research and Applications in Bridge Health Monitoring F. Necati Catbas, Joan R. Casas, Hitoshi Furuta, Dan Frangopol
- MS 4 Risk Based Bridge Management Leo Klatter
- MS 5 Reliability Analysis of Bridge Structures Franck Schoefs, Francesca Lanata
- MS 6 Extreme Events of Long Span Bridges: Design, Assessment and Management Airong Chen
- MS7 Smart SHM and Application to Bridge Condition Assessment and Maintenance Yunfeng Zhang, Hoon Sohn, Chunsheng Wang, Daniele Zonta
- MS 8 Monitoring and Assessment of Bridges using Novel Techniques Alfred Strauss, Dan Frangopol
- MS 9 Inverse Reliability Analyses Techniques for the Lifetime Assessment of Bridges Roman Wendner, Alfred Strauss, Dan Frangopol, Konrad Bergmeister
- MS 10 Advances on Structural Robustness and Redundancy of Bridges Fabio Biondini, Dan Frangopol
- MS 11 Architectural and Engineering issues regarding Inspection and Maintenance of Historical Bridges Pier Giorgio Malerba, Vladimir Kristek
- MS 12 Brick and Stone Masonry Bridge Safety and Durability Andrea Benedetti, Lorenzo Jurina
- MS 13 Lifetime Design, Assessment, and Maintenance of Super Long-Span Bridges Hyun-Moo Koh, Soobong Shin, Ho-Kyung Kim, Nam-Sik Kim

* As of February 29th, 2012

Special	Sessions *	SS 17	-	Design and Seismic Analysis of Long Span Bridges – Case Studies
	T.Y. Lin's Hundredth Birthday Special Session	SS 19		Ayaz H. Malik Advances in Modeling and Analysis for the Performance-Based Design
	Man-Chung Tang	33 10	-	of Bridge Structures subjected to Multiple Hazards
SS 1	 Gusset Plates in Steel Truss Bridges: Testing, Analysis and Monitoring 			Francesco Petrini, Alessandro Palmeri
	Dat Duthinh	SS 19	_	Advances in Engineering Structure Management in Finland
SS 2	 TEAM: A Marie Curie Training Network on Bridge Management 	55 17		Marja-Kaarina Sodergvist
	Ciaran McNally	SS 20	_	Hydraulic Problems related to Bridges and Infrastructure Systems
	 Strengthening of Existing Bridges with FRP Composites 	00 20		Sauro Manenti
	Carlo Pellegrino	SS 21	_	Operation and Maintenance of Major Landmark Bridges
	 Energy Harvesting in Bridges and Transportation Infrastructure Networks 			Jens Sandager Jensen
	Konstantinos Gkoumas	SS 22	_	Recent Advances in Bridge Health Monitoring
SS 5	 Vulnerability of Bridges to Fire and Explosion 			Christian F. Cremona, André D. Orcesi
	Luisa Giuliani	SS 23	_	Optical Monitoring Techniques for Bridge Maintenance and Safety
SS 6	 Light Rail Bridges in Chongqing, China 			Paul Sumitro, Hiroshi Matsuda
	Man-Chung Tang	SS 24	-	New Developments on the Bridge Safety, Maintenance and Management in Mexico
	 Advances in Nondestructive Evaluation and Monitoring of Concrete Bridge Decks 			David De Leon
	Nenad Gucunski	SS 25	-	Non Deterministic Schemes for Structural Safety and Reliability of Bridges
	 Bridges for High-Speed Railways 			Stefania Arangio
	Rui Calçada	SS 26	-	Structural Control of Bridges and Footbridges: Extreme and Every-day Events
SS 9	 Artificial Intelligence Methods in Bridge Analysis and Design 			Luca Martinelli, Marco Domaneschi
	Elsa Garavaglia, Luca Sgambi	SS 27	-	Integral Bridges: Design and Technological Issues
SS 10	, <u>,</u>			Pier Giorgio Malerba, Vladimir Kristek
	Ulrike Kuhlmann	55 28	-	Management and Preservation of Long Span Historic Bridges
	 Numerical Simulation of Durability of Concrete Bridges 	<u> </u>		A. Emin Aktan, Franklin Moon, David S. Lowdermilk
	Airong Chen	55 29	-	Many Bridges Aren't Straight - Investigations of Curved and Skewed Structures
SS 12	 Steel Bridge Rehabilitation 	CC 20		Daniel Linzell
	Masahiro Sakano	55 30	-	Lessons Learnt from the Canterbury Earthquakes: Assessment, Testing and
	 Analysis, Design and Testing of Road Timber Bridges 			Analysis of New Zealand Bridges Alessandro Palermo, Liam Wotherspoon
	Alessandro Palermo, Keith Crews, Robert Kliger	CC 21		Corrosion Detection in Cables and Concrete Bridges by Magnetic Methods
SS 14	, , ,	55 51	-	Al Ghorbanpoor, Bernd Hillemeier
	Infrastructures under Multiple Hazards	SS 32		Hybrid Composite Bridge System
	Gian Paolo Cimellaro, Leonardo Dueñas-Osorio	55 52		Hitoshi Furuta, Sang-Hyo Kim
	 Life-Cycle Design and Assessment of Bridges Exposed to Corrosion 	55 33	_	Understanding and Enhancing Bridge Performance
	and other Hazards	55 55		John M. Hooks
	Fabio Biondini, Dan Frangopol, Jamie Padgett, Alessandro Palermo	SS 34	_	Extending Bridge Life Through Industry Academic Partnerships
SS 16	5 5			Eugene J. OBrien

CONFERENCE VENUE

Palazzo dei Congressi and Hotel Regina Palace Stresa, Lake Maggiore / Italy

The 6th International Conference on Bridge Maintenance, Safety and Management (IABMAS 2012) will be held in Stresa, a renowned resort town located in a charming position on the western shore of Lake Maggiore.

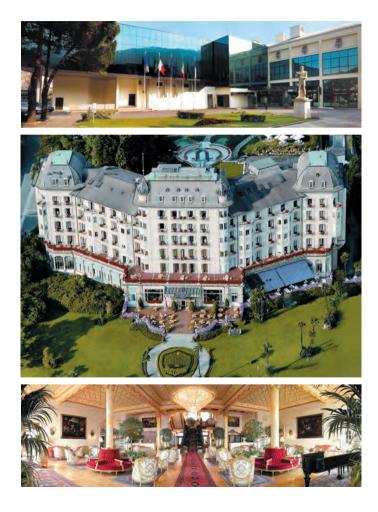

The Conference venue includes Palazzo dei Congressi and Hotel Regina Palace.

Palazzo dei Congressi is a modern Conference Centre located in the centre of Stresa, that will host the theatre/auditorium room for plenary sessions, the conference rooms for technical sessions, and the exhibition area.

The adjacent Regina Palace, a luxury hotel directly facing the lake and Borromean Islands, will host the conference rooms for committee meetings and halls for the social program.

Regina Palace, opened in 1908, is an Art Nouveau building that still preserves its *fin de siècle fascination*, even though it has a renewed appearance as a result of a meticulous, albeit conservative refurbishment programme leading to a unique combination of charm and modernity.

The century-old park of Regina Palace, endowed with a private pool and a tennis court, forms an integral part of the Conference venue environment and will offer a chance to relax during the conference breaks.

Social Program

The Conference Social Program includes a Welcome Reception, a Gala Dinner, and a Boat Cruise on Lake Maggiore. These events will be offered to all registered Conference Delegates and Accompanying Persons.

A series of optional tours for Accompanying Persons only, including guided visits to the historical centres of Milan and Como and day trips by ferry boat on Lake Maggiore to visit the magnificent Borromean Islands, with the monumental Baroque Palazzo Borromeo and the amazing botanical gardens, will also be organized. The optional tours will require a separate registration.
